MIX 'EM UP MOVIE Project

1. Create a title

Scramble letter tiles from a board game or create your own letter tiles with paper. See how many words you can find, and create a title for a your movie.

2. Plan your movie

Write a script. Plan your camera shots. Create a storyboard.

3. Film and edit your movie

Lights, camera, action! Film your movie. Don't be afraid to take time to achieve your vision. Edit your movie and add music.

4. Enjoy!

- For a deeper dive, try the RocketJump Film School YouTube page for tutorials on editing, directing, writing, storyboarding, and how to run a set.
