Anythink Library in Brighton Grand Opening Celebration, Launch of New Brand

What: On Saturday, Sept. 12, Rangeview Library District will open its first fully branded Anythink library in Brighton, Colo. The grand opening celebration from 1-6 pm includes cooking demonstrations, dance lessons, chalk drawing, a Kazoo Hullabaloo orchestra and more. Food will be provided by local restaurants and growers. KYGO will also be on hand from 4-6 pm with a chance for kids to star in Brad Paisley’s upcoming concert at Fiddler’s Green. For details, go to http://www.kygo.com/events/Details.aspx?ID=133162.

The five other Anythink libraries in the district will also be celebrating the launch of the new Anythink brand. Adams County residents are invited to share the news at each library that morning by waving to passersby and displaying placards with words like “smile,” “imagine,” and phrases like “curious minds welcome here” and “I love my Anythink.”

When: Sign Dancers at Each Anythink Library
9-10 am

Brighton Library Grand Opening
