Anythink provides important 2015 tax information

THORNTON, Colo.–February 6, 2015–As community hubs, Anythink and other libraries have long been go-to sources for official tax information and documentation. With the 2015 filing season underway, important updates impact the availability of tax documents at Anythink. Due to budget cuts, the IRS will no longer be distributing certain printed forms and documents to organizations such as post offices and libraries, including Anythink. Most notably, this includes instructional booklets for the most common tax forms (1040, 1040A and 1040EZ).

Despite the recent changes, residents throughout Adams County are encouraged to visit their local Anythink for a number of other tax documents, as well as information and resources for additional documentation. Throughout the 2015 tax filing season, Anythink will provide the following printed tax documents to residents: federal 1040, 1040A and 1040EZ forms; and Colorado state tax forms and instruction booklets.

Anythink also encourages residents to take advantage of the Adams County Tax Preparation Program, which provides free tax counseling, preparation and electronic filing to taxpayers whose combined annual household income is $56,000 or less. General information about accessing tax documentation, filing and the Adams County Tax Preparation Program can be found at anythinklibraries.org.

About Anythink™

Anythink is a new style of library – a place of unlimited imagination, where play inspires creativity and lifelong learning. Rangeview Library District serves the residents of Adams County with seven Anythink libraries and Anythink in Motion – the district's mobile library – and is one of the recipients of the 2010 National Medal of Museum and Library Service from the Institute of Museum and Library Services. For more information, go to anythinklibraries.org.
