

WELCOME TO THE STUDIO

We're so excited to have you explore, create, and learn in this shared space. Here are a few guidelines to help everyone have a great time:

Be Respectful

- **Of Others:** We're all in this together. Treat everyone with kindness and consideration.
- **Of Equipment:** Tools and materials are for everyone. Use them carefully and put them back where you found them.
- **Of Ideas:** Be original. Try making your own creations instead of just copying the work of others.

Safety First

- **Ask for Help:** If you're not sure how to use something, please ask. We're happy to help you learn.
- **Follow Staff Instructions:** Studio staff are here to keep everyone safe. Always listen to their requests and instructions when using The Studio.
- **Clean Up:** Keep your workspace tidy and help us keep The Studio clean for everyone.

Fair Use of Resources

- **Limit Time:** Some of our most popular equipment may have daily time limits to ensure equitable use for all customers. **OR** If others are waiting, please limit your use of popular resources so that everyone has a chance to create.
- **Use Materials Responsibly:** The Studio provides a limited number of materials for learning and experimentation. For personal projects we ask that you bring your own materials. *Materials that are brought in for use with Studio equipment need to be approved by a staff member prior to use on our equipment. Some materials may damage or create harmful byproducts.
- **Personal Projects Only:** Studio resources are for personal projects, learning, and prototyping. Studio equipment is not for commercial or mass production.
